

THE
CONTEMPORARY
COLLECTION

Pudsey Marble

Welcome to Pudsey Marble

At Pudsey Marble we are constantly endeavouring to be the UK's most innovative and comprehensive fireplace manufacturer and supplier.

We are a family run business with over 25 years' experience in the fireplace industry and we like to think of both our staff and our customers as an extension of the Pudsey Marble family.

Our primary aims at Pudsey Marble are to provide our retail partners with unrivalled service and reliability, competitive pricing and the largest range of bespoke fireplaces of any UK manufacturer.

www.pudseymarble.co.uk

Why choose the Contemporary Collection?

We believe that, whilst the gas and electric fire industries are making great strides forward in both technology and design, it would seem that those who work in stone are set in their ways! The vast majority of fireplace manufacturers seem happy to produce the same designs that have been around for the last 20 years and are available to purchase from many other manufacturers. The result of this is that you, the retailer, have only one way to differentiate yourself from your competitors and that's on price.

We are committed to providing our retail partners with exclusive and cutting-edge designs that suit the most modern gas and electric fires. These fireplaces are only available through our authorised dealers as we do not believe that flooding the market with our products would ever be a wise decision.

So, if you're looking to work with a manufacturer with over 25 years' experience in supplying both traditional and modern-day designs, and one who can provide you with consistently positive dealer margins, a bespoke service, unique products and exclusivity within your area, then look no further than Pudsey Marble.

A truly bespoke service

At Pudsey Marble we understand that each of your customers' tastes and requirements are different and that each installation comes with its own set of challenges, which is why the majority of fireplaces leaving our factory are bespoke and made to the specific requirements of each order.

**All our fireplaces can be adapted to each type of fire and can be altered to meet your requirements. We do not charge our clients for small alterations in sizes or changes to rebates.*

Fireplace Chambers

Produced and manufactured on our own premises, fireplace chambers provide a simple, speedy and cost effective solution to transform a fireplace opening in three sections (1 back and 2 side panels).

Built on over 25 years of experience, we pride ourselves on our craftsmanship, quality of materials and elegance of design. Our fireplace chambers are available in a selection of finishes that can be installed by our in-house team of fitters.
